50 CENTS PER MONTH

SIX MILLION ASKED FOR ARMY

Gen. Wood Declares Troops Are Without Ammunition or Necessary Arms

BARTHOLOMEW RIDICULES APPEAL FOR VAST SUM

Says Annual War Scare; Kahn of California, However, Says Situation is Grave

WASHINGTON, Jan. 8.—Congressman Bartholomew of Missouri, the foremost peace advocate of the House, refused today to work up any excitement over General Leonard Wood's plea as chief of the army staff for \$6,000,000 to buy more field guns and ammunition. He said:

"It is merely the annual war scare. This time they are using the Mexican situation to try to frighten Congress into appropriating more money. That is the thing the agitation is fermented for, to influence Congress. I would like to know from General Wood what has become of the money already provided. Before the Spanish war we spent thirty to thirty-five million dollars annually. Now we are spending \$10,000,000."

Representative Kahn of California took General Wood's plea more seriously, saying:

"It seems to me General Wood outlined a grave situation. We are deficient in field artillery and it takes time to make test guns."

GEN. WOOD APPEALED FOR \$6,000,000 FOR ARMY

Explaining his judgment that he was not influenced by the Mexican situation, Major General Wood, chief-of-staff of the army, has advised committees of Congress that it should appropriate \$3,000,000 for field guns and ammunition for the regular army and \$3,000,000 for the militia.

"If you sent our troops into war as they now are, without guns or ammunition, it would be absolute slaughter," the general told the House military committee.

"If called into the field suddenly we should have to go with a very small allowance of ammunition, even for the guns in the hands of the troops, and we should have neither guns nor ammunition enough for our field artillery forces."

FIRST STEAMER GOES THROUGH BIG CANAL

"Alexander Lavalley" Made Trip Under Own Steam—French Ship Built in 1882

PANAMA, Jan. 8.—The first vessel to go through the Panama canal under its own steam made the trip yesterday. It was the cruise boat Alexander Lavalley, which was brought from the Atlantic entrance to Culebra cut early in December and worked at Culebra until yesterday. It was taken through the Pedro Miguel and Miraflores locks to the Pacific entrance, thus making the first transisthmian voyage. The Alexander Lavalley is an old French ship equipped with three cranes. It has a single screw and a tonnage of 1200. It was built in 1882 and has been in almost continuous use ever since.

The first boat of any kind to make the transisthmian trip was a mud scow of the Panama railroad, which was brought from the Pacific entrance to Culebra cut in November and sent to the Atlantic entrance on December 23.

GIRL DROPS OUT OF SIGHT WHILE ON WAY TO WED

SAN FRANCISCO, Jan. 8.—The police in all the Bay cities are searching today for Miss Anna Ruffino, aged 18, who disappeared at the Ferry building last night while en route to Martinez to become the bride of Giuseppe Mascitelli. At the ferry station during the press in the crowd, the girl disappeared.

The prospective groom believes his bride-to-be was seized and spirited away by disappointed suitors.

Mrs. Young Again Heads Schools of Chicago

Mrs. Ella Flagg Young has been recently reinstated as superintendent of schools in Chicago. The members of the board who elected the assistant superintendent in her place decided they had made a mistake after hearing from a large number of people of the city. Mrs. Young has made a name which has won most of Chicago.

One of Mrs. Young's "constructive policies," that of lectures on sex hygiene and personal purity in the public schools, was abolished yesterday by the board of education by a vote of thirteen to eight. At the same time the board, which had thus demolished one of Mrs. Young's pet projects, unanimously re-elected her champion, Peter Reinberg, president, and named John W. Eckhart vice-president.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Friday; light northwest winds.

New Greek Minister Named for United States

VIENNA, Austria, Jan. 8.—Agamemnon Schliemann, who represents Larissa in the Greek Chamber of Deputies, was appointed today Greek minister at Washington, to succeed L. A. Coromilas, according to a telegram from Athens.

Forestry Day Planned for Panama Exposition

WASHINGTON, Jan. 8.—One day at the Panama-Pacific Exposition in 1915 is to be known as "American Forestry Association Day." Plans for it were completed here yesterday by Percival S. Ridsdale, secretary of the association.

Montana-Los Angeles Through Train Service

LOS ANGELES, Jan. 8.—The first through car service between Los Angeles and Butte this season was inaugurated yesterday by the Salt Lake road to meet the demands of increasing travel from the northern territory to Southern California.

MANAGER STANLEY WILL LEAVE HOTEL VIRGINIA

LONG BEACH, Jan. 8.—After serving for five years in that capacity, Carl S. Stanley today resigned as manager of the Hotel Virginia. The announcement came as a surprise. Stanley refused to give any reason for his action. He said there had been no friction between himself and any of the officers of the hotel company.

Although Stanley refused to discuss his plans it is believed he resigned to take the management of a large hotel in the north.

D. D. SHARP RIVERSIDE NEW HORTICULTURIST

RIVERSIDE, Jan. 8.—B. D. Sharp, well-known fruit grower of Arlington, was yesterday appointed county horticultural commissioner, to take the place of R. P. Cundiff, who has held the office for the past sixteen years, being the only incumbent since Riverside county first had a department to look after the interests of the fruit growers and ranchers. Six applicants took the examination required by law for competency to fill the office, three of them passing. The retiring officer was among those successful.

PARALYZED NEGRO DREW GUN ON WIFE AND HER SISTER

LOS ANGELES, Jan. 8.—Thomas Johnson, partially paralyzed, created a panic in the negro district this morning when he became angry when his wife brushed against his invalid's chair. He drew a revolver and opened fire on her and her sister, Carrie Irvine. The women ran shrieking to the street. Police answering the summons found Johnson crouching in a twin babies sitting in his lap. He was arrested on a charge of assault.

CITRUS CROP FOR 1914 OF BIG VALUE

Estimated Will Bring \$30,000,000 to State—Shipments of 5,740 Cars Since Sept. 1

4000 CARLOADS ARE YET EXPECTED TO BE SHIPPED

Manager Powell is Optimistic Over Outlook—Farand Now Exchange Counsel

California this season expects to ship 43,000 or more carloads of citrus fruits out of the state. This is the new estimate for the season of 1913-1914 just completed by the shippers and announced yesterday by G. Harold Powell, general manager of the California Fruit Growers' Exchange, says the Los Angeles Tribune.

It constitutes the second estimate since September 1, and eclipses the previously announced figures by several thousand cars. The largest shipments of the two previous years were 40,680 in 1911-1912, and 46,399 in 1910-1911.

That the state will not fail to live up to its estimate is amply promised by the fruits that already have been sent out. Up to and including January 5, since September 1, a total of 5,740 carloads have been shipped. Of these, Southern California contributed 1438 cars—1227 of oranges and 211 of lemons; Tulare county, 3904—3885 of oranges and 19 lemons, and Butte county 348—all of oranges.

Optimistic Over Outlook. Approximately 4000 of the carloads expected to be shipped, it is stated, will be lemons, while the remainder will be oranges divided into about 27,000 carloads of navel, 9000 of Valencia, and the rest miscellaneous seedlings, sweets, etc.

Mr. Powell was optimistic in predicting the extent of this season's industry.

"Barring unforeseen weather conditions," he said, "I think California will be able to ship more navel oranges than ever before in its history. Not only will the fruit be greater in quantity than in all previous years, but its color, texture and eating qualities will be extra fine—I dare say above normal. The warm weather has hastened the maturity of the fruit, the abundant rains increased the size, and if weather conditions continue to be as favorable as they have been recently we should be able to ship as fine a quality as ever left the state."

\$30,000,000 Output Expected. Speaking of the probable profit to be derived from this year's crop, Mr. Powell said he thought the output should bring the state \$30,000,000 more or less, if it remains at least on a par with other years.

The filing of the shippers' reports yesterday was followed by the appointment of George B. Farand of Ventura county as general counsel for the exchange at a meeting of the board of directors. Mr. Farand succeeds the late A. F. Call, with whom he was associated as special counsel for the organization. He has been engaged as an authority on questions appertaining to corporation law.

Mr. Farand has been general counsel for the California Walnut Growers' Association and the Lima Bean Growers' Association and is a strong believer in the co-operative method of handling farmers' business problems.

NORTHWEST STORM HAS MODERATED

Vessels Put Out to Sea from Astoria—McClips Cut Off for Three Days

ASTORIA, Ore., Jan. 8.—The storm that has raged off this coast for a week has moderated and practically all the vessels harbored here have put to sea. The storm was the worst that has visited the coast in many years. Basements here were filled with water, streets were flooded, and several landslides resulted in the heavy sections of the town.

MICLIPS IN COMMUNICATION WITH WORLD ONCE MORE. ABERDEEN, Wash., Jan. 8.—After being shut off from the outside world for three days by a terrific storm at sea, communication with Miclips was restored yesterday. The waters have completely destroyed the town. The big hotel and rows of cottages are leveled. Much of the surrounding lowlands was flooded. Incoming vessels tell weird stories of the freaks of the storm.

SEC. WILSON TO QUIT PEACE EFFORTS

Will Let Developments in Copper Strike Situation Guide Action in Matter

MOYER ON WAY BACK TO DEPORTATION SCENE

Declares He Will Go to Hancock in Spite of Threats Made Against His Life

WASHINGTON, Jan. 8.—After a long conference late yesterday with John B. Densmore, solicitor of the State Department of Labor, in regard to the Calumet situation, Secretary of Labor Wilson asserted that there was no present intention of further effort by the department to bring about conciliation in the copper strike. Future developments would determine whether such action would be necessary.

Secretary Wilson instructed Mr. Densmore to prepare a written report of his attempts at conciliation, which will be made public within a few days along with the report of John A. Moffit, who earlier went on a similar mission, and of Walter B. Palmer, who went as an investigator for the government.

MOYER EN ROUTE TO SPOT

WHENCE HE WAS "RUN OUT" GREEN BAY, Wis., Jan. 8.—President Charles Moyer of the Western Federation of Miners is en route to Hancock, Mich., where he was shot and run out of town by the Citizens' Alliance while trying to effect a settlement of the copper miners' strike. He declared here that he will return to Hancock, despite threats made against his life. He has asked for an interview with Governor Ferris of Michigan.

REGISTRATION BRINGS OUT G.O.P.'S

Republicans Preponderate on Records Made Up to Present Date

SAN FRANCISCO, Jan. 8.—Registration up to date: Republicans, 773; Democrats, 642; Progressives, 537; Socialists, 96.

At Stockton. STOCKTON, Jan. 8.—Total registrations in this city to date are: Republicans, 285; Democrats, 229; Progressives, 49; Socialists, 23.

San Diego Registration. SAN DIEGO, Jan. 8.—The registration record thus far shows 627 Republicans, 203 Democrats, 150 Progressives and 30 Socialists.

San Bernardino. SAN BERNARDINO, Jan. 8.—Yesterday's registrations were: Republicans, 20; Democrats, 9; Progressives, 4; Socialists, 1.

At Ontario. ONTARIO, Jan. 8.—Registration up to date shows Republicans, 34; Prohibitionists, 18; Progressives, 15; Democrats, 6; Socialists, 2.

At Santa Barbara. SANTA BARBARA, Jan. 8.—Registration to date: Republicans, 16; Democrats, 6; Progressives, 9; Prohibitionists, 5; Socialists, 2.

At Bakersfield. BAKERSFIELD, Jan. 8.—Yesterday's registration: Democrats, 38; Republicans, 11; Progressives, 11; Socialists, 4. Total to date in the county, 249, with the same ratio prevailing.

DRIFTED FIFTY HOURS IN OPEN BOAT ON SEA. ASTORIA, Ont., Jan. 8.—Drifting for fifty hours in an open boat three hundred miles off San Pedro before being picked up by the German bark Eilbek on Jan. 2, was the experience of Captain T. H. Martors, wife and two daughters and the crew of sixteen, of the British bark Battle Abbey, which they abandoned when fire started in her cargo of coal and enveloped the ship. They appeared none the worse for their experience when landed here today by the Eilbek.

The Battle Abbey sailed from New Castle, Australia, October 18, with coal for Vancouver. They abandoned the ship on December 32, after a hard fight with the flames.

Two Brigadier Generals to Command the American Troops Near the Mexican Border

Brigadier-General Hunter Liggett Brigadier-General Franklin J. Bell

Brigadier-General Hunter Liggett and Brigadier-General Franklin J. Bell have been ordered to Texas City, Texas, to command the American troops near the Mexican border. The order of the War Department does not mean a change of policy by President Wilson in regard to Mexico, but should the time come when these troops must act against Mexico they will be in the hands of soldiers in Army Division at Texas City.

Santa Ana Leads All Cities Of Her Class in Building

In comparison with cities of her own class, such as Riverside, Pomona, Redlands, San Bernardino, Santa Barbara, etc., Santa Ana makes a fine showing in building permits for 1913, being well in the lead of all such cities. The figures for both 1912 and 1913 for all the larger cities of Southern California are given below:

	1913	1912
Los Angeles	\$31,641,921	\$31,367,995
San Diego	6,846,775	10,001,415
Long Beach	4,024,227	2,724,888
Pasadena	2,784,347	2,166,394
Fresno	1,747,825	1,697,294
Santa Monica	1,051,911	1,477,593
Venice	838,750	1,747,825
Santa Ana	723,484	602,536
Santa Barbara	680,655	473,345
Bakersfield	666,731	621,039
Glendale	643,261	666,155
Riverside	500,343	815,056
Alhambra	443,486	496,738
San Bernardino	336,244	578,093
South Pasadena	390,372	446,193
Oxnard	216,570	115,420
Tropico	209,639	96,957
Huntington Park	208,414	202,799
Ontario	168,475	502,574
Anaheim	160,550	192,150
Redlands	149,365	182,441
Monrovia	147,343	220,227
Pomona	147,180	560,729
Whittier	137,620
San Fernando	106,635	170,941

It will be observed that in all cities, except Santa Ana, where the orange industry is an important factor in the community prosperity, the permits for 1913 fell off as compared with 1912. This was to be expected in view of the freeze of last January and the generally quiet business conditions during the year. Riverside, however, makes a much better showing in this regard than San Bernardino, Redlands, Pomona and Ontario.

Phoenix, Ariz., reports \$1,500,000 permits for the year and that is certainly a fine showing for the Arizona capital.

CAPT. R. B. MOORE DROPPED FROM C. N. G.

Commanded 2nd Co. of Coast Artillery—Declared as Unfit for Service

SACRAMENTO, Jan. 8.—Captain Rutherford B. Moore commanding the Second Company of Coast Artillery stationed at San Francisco, has been ordered officially dropped from the ranks of the California National Guard by a special examination board appointed a few weeks ago by Adjutant General Forbes. The report of the board has been endorsed by Governor Johnson.

In the report Captain Moore was declared unfit for the service. It was alleged that his accounts were short and that he was habitually intemperate. The board was composed of Lieut. Col. Edgar Hunt, Major Ralph

U. S. VESSEL MAY BE KEPT AT SAN PEDRO FOR NAVAL MILITIA

LOS ANGELES, Jan. 8.—A government vessel, to be stationed here for the use of the Los Angeles naval militia, is a plan which Representative Stephens has in view, and according to a telegram received from Washington yesterday, he has received partial assurance that the wishes of the local sea gunners will be complied with.

If present plans are carried out, the Farragut, now in reserve at Sausalito, will be anchored in Los Angeles harbor, and target practice will be held in southern waters.

80 MILLIONS B. & O. SHARES GO TO U. P. STOCKHOLDERS

NEW YORK, Jan. 8.—The board of directors of the Union Pacific Railway in a meeting held today approved the plans of the executive committee to distribute the more than 80,000,000 shares of Baltimore & Ohio common stock held by the Union Pacific to its holders of common stock.

REBELS QUIT FIGHTING TODAY

Battle at Ojinaga at Standstill—Attackers Are Out of Ammunition

OROZCO WITH 1000 MEN AND SUPPLIES ON HIKE

Fears for Villa and Men—Huerta in Fiery Talk—Envoy Lind Visited by O'Shaughnessy

MEXICO CITY, Jan. 8.—The report that Huerta is about to resign the presidency to take the field personally against the rebels was revived today. The report was not confirmed, but was persistent. Huerta is said to have told his friends in the Catholic party of his proposed step.

REBELS OUT OF AMMUNITION—FIGHT STOPS AT OJINAGA

PRESIDIO, Texas, Jan. 8.—Fighting at Ojinaga ceased again today because the attacking rebels had exhausted their ammunition. Following the cessation of firing last night, one thousand federals under Gen. Orozco rallied in the direction of La Mula Pass with wagons and supplies sufficient for a long campaign. Their objective point is unknown.

The rebel junta is uneasy over the fate of 1800 rebels under Gen. Villa which should have arrived at La Mula Pass en route to Ojinaga last Saturday. It is feared they may have been overtaken by Federal General Argueta with 4000 federals and defeated in a fight.

CHARGE O'SHAUGHNESSY AT VERA CRUZ TO SEE LIND

VERA CRUZ, Jan. 8.—American Charge d'Affaires O'Shaughnessy, coming from Mexico City, arrived today to confer with John Lind, the President's personal representative, who has returned from a conference with President Wilson at Pass Christian, Miss. His wife accompanied him, but they left their son in Mexico City apparently to forestall any reports that they had quit the capital for good. President Huerta offered O'Shaughnessy a special train for the trip to Vera Cruz, but the offer was declined.

Huerta's Fiery Interview. MEXICO CITY, Jan. 8.—Huerta yesterday gave out a fiery interview to an American visitor who called upon him at the national palace. He said:

"The time has gone past when I will give the slightest consideration to any proposition that I leave the presidency. Once I might have resigned at the bidding of almost anyone, but now, no. It is not a question of pride, ambition or pomp with me, but duty, nothing else. What does Woodrow Wilson know of Mexico or what kind of government its people need? Nothing. He does not understand that Mexico is like a snake; its life is in its head. And they will have to batter this old head off my shoulders before they kill me or my government."

"They say I have no more money. They don't know what they are talking about. It shows how ignorant are the people who make such statements of the resources of Mexico. Do you know how many haciendas, not ranches, but haciendas, there are in this country? Seventy thousand of them, all great haciendas, most of which are untaxed."

"Each is capable of being taxed at least 5000 pesos. That makes 350,000,000 pesos I can put my hand on when I want to."

"My government is far from bankrupt, no matter whether foreign bankers choose to let us have money or refuse. It makes no difference to me."

GIVES VERDICT IN TRIPLE SHOOTING

Melton and Miss Cox Murdered, Says Coroner—Mrs. Melton Branded "Suicide"

LOS ANGELES, Jan. 8.—Coroner Hartwell today issued a certificate of death by murder for William M. Melton and Florence Cox, and suicide for Mrs. May Graves Cox, the principals in the triple shooting of Tuesday night at the Vidamar Hotel. Joseph Graves, the woman's brother, arrived today from San Francisco, and said that he will tell the police all he knows about Mrs. Cox's relations with Melton.

SAYS IT WILL BE MARCH BEFORE NEW GAS WILL BE HAD

Anaheim Herald.—Natural gas for Anaheim will not be guaranteed until some time in March according to the statement of District Manager Todd of the Southern Counties Gas Co.

The plans which were announced at first was that the construction work of laying the connecting four-inch line between Fullerton and the source of the gas supply in the oil fields was to have been begun about the middle of December. That work has not been started as yet. The reasons at first given by Mr. Todd were that the large mains had not yet arrived from the east.

When seen a few days ago, Mr. Todd said that since promising natural gas to Anaheim, the representative of the Birch Oil Company has made a proposal to furnish cheap gas to Santa Ana and so the Southern Counties Gas Co. had to make that city a good offer.

In the contract which was drawn up between the officials of the gas company and the city trustees of Santa Ana it was agreed that the natural gas should be furnished in March.

Later the officials also went before the city trustees of Fullerton and asked that body to extend the time of their contract for furnishing gas three months. At that time they stated that they had signed up with the trustees of Santa Ana to deliver gas sometime in March. The company was granted the three months extension of time.

When it is not necessary for the gas company to deliver the gas to these two cities until in March, it is not very probable that this city will get the cheaper gas until about that time also.

It is reported the gas company is contracting for all the available natural gas in the oil fields.

ORANGE TRUSTEES BUY STEAM ROLLER

Orange News: The city trustees last evening approved the demand of George A. Rogers for \$1800 as first payment on a steam roller recently purchased by the city for \$3800. A demand for the \$2000 balance, which falls due December 15, this year, was not acted on.

A motion to avoid the contract was supported by Smith and Stoner and opposed by Dittmer, Richards and Hagen. On the motion to approve the demand, Smith and Stoner voted No.

and Hagen, Dittmer and Richards approved.

The board opened their meeting by instructing the street superintendent to replank the East Chapman avenue bridge and cover the flooring with oil and screenings; also to confer with Supervisor Struck, and arrange to have the work done at the same time that the county repairs its end of the bridge, which is partly outside the city limits.

The street committee was given the power to act on the matter of drainage on West Chapman avenue at the intersection of Batavia street, the plan being to construct an open gutter at that point.

A complaint from E. S. Houghtaling concerning the blocking a waste water on his place by the S.A.V.I. ditch bank was referred to the street superintendent.

The city clerk was instructed to apply to the state for insurance under the new compensation act, for policies covering all employees of the city.

The report of the committee on city hall sites was read and filed.

The city clerk was ordered to draw a warrant for the first payment on the Gamewell fire alarm system which has been accepted and is in use.

An application from O. F. Hall, who resides on North Batavia street outside the city limits, asking for a water connection to his place, was denied.

The board has drawn a line on serving water outside the city limits, believing it to be unfair to those inside who pay city taxes and for whose benefit the supply of water is intended.

Inspector Buchanan presented a request from the M. E. church to have a 100-kilowatt light which stands in front of the church and is operated through the church meter, changed so as to be connected to the regular street lights, the church continuing to pay for it but being relieved of the trouble of turning it on and off. The church was directed to make arrangements with the Edison company so that the light could be charged directly to the church instead of to the city.

Trustees Hagen and Smith were appointed as a committee to consult with the high school trustees with regard to extending sidewalk and curbing along the west side of North Grand street between Palm and Sycamore avenues.

The board passed a resolution of intention to order sidewalk and curb on both sides of West Cuyler avenue between Glassell and Lemon streets. This street, it is believed, will be widely used as an avenue to the P. E. car line on Lemon street when it is placed in operation. Sidewalk was also ordered on the north side of East Almond avenue between Shaffer and Harvard streets.

The trustees wound up the evening by going into executive session; then adjourned.

Licensed to Wed
A marriage license was issued in Los Angeles yesterday to Robert M. Steele, 23, of Los Angeles, and Marguerite C. Grimm, 18, of Orange.

A Snapshot on a Windy Day at the Tallest Building in the World

When the wind blows sixty or ninety miles an hour around the highest building in the world (the Woolworth building in New York City) there is danger for every woman who approaches. In a storm the other day policemen had to be stationed near this building at the corner of Barclay street and Broadway in New York, to make the crowds of men who gathered move on. Had the police not insisted Broadway would have been blocked so even the street cars would not have been able to pass.

NEWSY NEWS FROM NEW YORK

By Carlton Ten Eyck

NEW YORK, Jan. 5.—Hymen apparently has won another victory. He is by way of vanquishing the august New York Board of Education, who attempted to put the ban on married teachers and directed their antagonism particularly to teachers who became mothers.

At its last meeting of the year the Board of Education received a report from Superintendent of Schools William H. Maxwell, the figures in which would go to show that teachers increase in efficiency after wedlock, although they are absent from their duties many more days in the year than when they are unmarried.

There are no statistics in the report to show whether or not these teachers were more efficient than the majority who have remained unmarried while teaching and the superintendent was ordered to gather minute data about the spinster teachers to be submitted in a report in the near future, so that the board will be enabled to make more accurate deductions.

Before receiving this report from Superintendent Maxwell, the board, by a unanimous vote of those present, dismissed Mrs. Jeannette Orman Gamse, a married teacher, on the ground that she concealed the fact of her marriage when she applied for a position. A committee, recommending her dismissal, reported that Mrs. Gamse "had deliberately attempted to deceive the board."

Maxwell, in his report, said there are approximately 1300 women teachers in the New York public school who are married, or have been married. The number of widows was not given. He took 114, of those 1300, whose records have been thoroughly investigated for the purpose of arriving at his statistics. They were rated in four degrees, A, B, C, and D, each classification counting 10, 8, 6 and 4 points. The records were for four years before and four years after marriage.

The 114 in the aggregate produced a rating of 10,372 points for instruction before marriage. After marriage, instruction rose to 10,878 points and discipline to 11,376 points. This gave each of the 114 teachers an average of 91 for instruction and 94 for discipline before marriage and 95 for instruction and 100 for discipline after marriage.

The figures showed that marriage improved the teachers astonishingly in the matter of discipline and also brought up their instruction average to a remarkable extent. Those same 114 teachers, who showed such improvement in their work, were absent a total of 2,449 1/2 days in the school year before they were married and 4,229 days after marriage, giving them

GOOD CIVIL SERVICE POSITIONS ARE NOW OPEN TO EXAMINATION

The California State Civil Service Commission announces an accountant examination to be held in San Francisco on January 24, 1914, to provide a register of eligibles from which to make certification for filling vacancies as they may occur in positions of accountants in the various departments and offices of the state.

The entrance salaries range from \$125 to \$150 per month. The examination is open to all citizens of the state of California, both men and women. Age limit, 21 years or over.

Candidates will be examined in the Theory of Accounts and Auditing, Practical Problems, Education, Training, Experience, Personality and Fitness.

Persons who wish to enter the examination should apply at once for application, form 2, to the State Civil Service Commission, Sacramento, Cal. Only those applications received by 5 p. m., January 19, will be considered for this examination.

Copeland's Local Weather Report

The following weather record was kept by Justin M. Copeland, 615 North Sycamore street, Santa Ana, and is for week ending January 7, 1914:

Date	Max.	Min.
January 1	69	47
January 2	59	50
January 3	58	53
January 4	52	52
January 5	76	45
January 6	76	43
January 7	70	43

No rain during this period.
Rain for season, 2.88 inches.

PUBLIC ADMINISTRATOR'S REPORT

To the Hon. Z. B. West, Presiding Judge of the Superior Court of Orange County: Theo. A. Winbigger, Public Administrator of said County, respectfully makes this return of all estates which have come into his hands for the term commencing July 1, 1913, to January 1, 1914, in pursuance of the provisions of Sec. 1736 of the Code of Civil Procedure.

Date of Decedent's Death	NAME OF DECEDENTS	Approximate Value of Estate	Money which has come into hands of Administrator	Funeral Expenses paid by Administrator	Expenses of Last Illness paid by Administrator	Amount Distributed to Heirs	Property in Hands of Administrator	Amount Distributed to Heirs
Feb. 2, 1912	John Eaton	\$ 682.70						
Sept. 27, 1912	John Bennett	1010.00	\$1010.00	\$ 192.51	\$317.38	\$ 500.11

State of California, County of Orange—ss.

Theo. A. Winbigger, being first duly sworn, deposes and says: That he was the Public Administrator of said County at the time of the above report; that the foregoing is a full, true and correct copy of all estates of decedents which have come into his hands for the term hereinbefore mentioned; that he is not, and was not at any time interested in the expenditures of any kind made on account of any estate he administers, nor is he associated in business or otherwise with anyone who is so interested.

Subscribed and sworn to before me this 29th day of December, 1913.
(Seal) THEO. A. WINBIGGER, Public Administrator.
W. B. WILLIAMS, County Clerk.

INVITE HENNEY AND ROWELL TO MEETING

Mass Meeting of Progressives to be Held at Armory Saturday

Mrs. S. M. Davis as a state central committeeman has invited Francis J. Henney and Chester H. Rowell of Fresno to be present at the mass meeting of Progressives of Orange county to be held at Armory hall Saturday afternoon at 2:30 o'clock. It is believed that at least one of these two men, possibly both, will be present to talk to the local Progressives and outline to them the situation in this state. Rowell is scheduled to be in Fresno Friday night at the Progressive meeting there, and through Mr. Carnahan of Riverside it is thought that Rowell will be brought here for the Saturday meeting.

There has been some discussion among Progressives here as to the most advisable procedure to be followed in shuffling off the name of Republican and adopting the name of Progressive at the Saturday meeting. Some think that the best thing to do is merely to adjourn as a Republican Central Committee, and leave it to the mass meeting to take whatever steps it sees fit toward the organization of a Progressive central committee. There has been a suggestion made that the present central committee carry a recommendation to the mass meeting that the mass meeting carry a motion establishing the members of the present committee as the members of the new committee. It is argued that in that manner the adjustment could be quickly made.

E. E. Keech is of the opinion that in the transfer a new start should be made, the whole matter to be in the hands of the mass meeting without recommendation. The present committee is formed under the old law and under the old precincts. When organized the precincts numbered fifty-nine. Now they number seventy-four.

Reports indicate that in this county a great many followers of Roosevelt and Johnson are registering as Republicans. Registration clerks find a good many who are doubtful as to how they want to register. The reason given for many Progressives registering as Republicans is the tariff issue. With them it seems not to be a matter of reform of government, but a matter of tariff upon this or that product.

Those who register as Republicans

will be allowed to vote at the primaries only upon Republican candidates for state and national officers, assemblyman being a state office. That is, a registered Republican can vote on who the Republican candidate shall be for each office. A Progressive will vote on Progressive candidates only. That is at the primaries. In the general election for the most important offices, there will be a candidate for each office from each of the parties, Progressive, Republican, Democratic, Prohibition and Socialist. In the county primaries, every voter will get to vote on every candidate, regardless of the party affiliation of the candidate and regardless of the party affiliation of the voter. Even the person who declines to state can vote on the primaries for county offices, but he can have no voice in the choice of the candidates of any party for state and federal offices.

Under the new primary law the central committee will be chosen in this county by supervisorial districts, the number of committeemen from each district depending upon the party registration. Central committeemen are to be nominated as any county officer, and will be balloted upon. It will organize on the second Tuesday in September following the August primary.

JACK FROST GONE, GROWERS CELEBRATE

Orange Show to Observe the Passing of Anniversary of Big Freeze

SAN BERNARDINO, Jan. 8.—Nature has slipped back into its normal notch, for this week saw the passing of the danger of frost in the citrus fruit regions of California.

Just a year ago the citrus fruit districts of Southern California were matted in frost, and icicles hung from many trees. In three days, last year, January 6, 7 and 8, about \$15,000,000 worth of oranges and lemons were sent to the cull heaps by Jack Frost.

This year the danger period passed with balmy skies and the temperature an average of 20 degrees warmer than at this time last year. Likewise the second anniversary of the frost of December 26, 1911, passed safely.

Figures from all of Southern California show that the winter of 1912-1913 is the warmest in seven years past. Ten and 12 degrees warmer was this winter's lowest record compared with last winter.

The National Orange Show, to be held in San Bernardino, February 18 to 25, will naturally be the growers' celebration of the return of the normal weather conditions. Last year the orange growers of the state were accorded nation-wide praise for carrying through the Orange Show with half the orange and lemon crop ruined six weeks before.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.
In the Matter of the Estate of Carrie Van Brunt, deceased.
Notice is hereby given that Friday, the 23rd day of January, 1914, at 10 o'clock a. m. of said day, at the Court Room of Department No. 1 of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Emma Southern and Lulu Hancock praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters of Administration with Will annexed be issued thereon to them, at which time and place all persons interested therein may appear and contest the same.
Dated Jan. 8, 1914.
W. B. WILLIAMS, County Clerk.
WILL A. CHAMBERLIN, Attorney for Petitioners.

WANTS SANTA ANA TO FORM A CLASS D BASEBALL TEAM

At a meeting of the directors of the Chamber of Commerce last night, a letter was read from James Forney of Santa Monica, asking the Chamber of Commerce to aid in forming a Class D baseball team in Santa Ana. The directors did not care to enter the baseball business and the secretary was instructed to take the matter up with some of the local men interested in baseball.

A. C. Tiede stated that he believed it would be a good thing for the Chamber of Commerce to have a large supply of silk ribbon badges with the name Santa Ana printed on them, to be used by Santa Anans going to state picnics and upon various excursions. Tiede was named as a committee to report upon the cost of the badges.

E. P. Stafford was elected a member.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers

Most folks forget that the kidneys, like bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

A FAST BASKETBALL GAME WAS PLAYED

Santa Ana Athletic Club was defeated in a fast basketball game at Fullerton by a score of 24 to 31. The game was characterized by being very rough, many men taking good spins. The floor was small and very smooth, which added to the "fatalities." Both teams seemed inclined to mix it freely and greatly enjoyed the fun. No one was hurt, no time out and all went strong for two 20-minute halves. Some said the game was one of modified football. This is the second game with Fullerton, Santa Ana Athletic Club winning the first, 41 to 31.

ANAHEIM GRAMMAR STUDENTS PLANTING THE SCHOOL GARDEN

Anaheim Herald: Members of the agricultural class of the Anaheim grammar school are busy at work today, preparing a tract of ground on West Center street, ready to plant vegetable gardens.

The ground, which has been well tilled, is being marked off into small plots, and the plots staked off for individual gardens.

Each student is given a garden plot of his own, 6x12 feet, and they are expected to plant the seed, and care for the garden, their names being placed at the corner of their plot. A pathway divides the various plots. There are one hundred and thirty individual plots, and ground reserved for larger or special plots which will be used to grow vegetables.

It is expected that tomorrow the planting of seeds, and the transplanting of some vegetables, which have already been grown in the lath house at the grammar school, will commence.

Lettuce, Carrots, onions, radishes, beets and spinach, will be planted at present, and later on beans and peas will be grown.

The agricultural movement is considered one of the most practical movements that has been introduced into the grammar schools for several years. Not only the boys in the seventh and eighth grades are taking up the study, but the girls are also busy "farming." Some of the girls were such successful gardeners last year, which was the first of the study, that their mothers purchased their vegetables instead of patronizing the vegetable vender.

It is the aim this season to grow sufficient vegetables for use in the cooking department at the Fremont school.

The study of the plant life as well as an hour spent in the open air, is very beneficial to both teacher and student, and has proven to be a most restful and profitable study and occupation. For the restless or nervous student and the worn out teacher, the school gardens make a great change, and they will return to the school room ready to settle down and study.

Miss Ethel Gardner, who is in charge of the agricultural department of the Fremont school, is directing the class in a most efficient manner. Miss Gardner stated that she thoroughly enjoyed every part of the work, and considered the movement a most excellent one.

Notice of Business Change

—Notice is hereby given that the partnership heretofore existing between J. A. Miller and P. C. Nichols, doing business at 416 and 418 North Sycamore street, Santa Ana, California, under the name of "Auto Specialty Co.," has, by mutual consent and agreement been dissolved, J. A. Miller retiring.

The business will be continued under the same name and at the same place by P. C. Nichols, who will be responsible for all indebtedness of the partnership, and to whom all bills due the firm are payable.

P. C. NICHOLS, J. A. MILLER.

A Difference in Working Hours

—A man's working day is 8 hours. His body organs must work perfectly 24 hours to keep him fit for 8 hours' work. Weak, sore, inactive kidneys can not do it. They must be sound and healthy active all the time. Foley Kidney Pills will make them sound and well. You can not take them into your system without good results following their use. They are tonic in action, quick in results, and contain no habit-forming drugs. Try them. Wingood's Drug Store.

PARENT-TEACHERS TO HOLD A MEETING

The Orange County Federation of Parent-Teacher Associations will hold an all-day meeting on Saturday, January 10, 1914, in the Loara school house in West Anaheim. The meeting will be called to order at 10 o'clock a.m.

The morning will be devoted to business and hearing the reports of the various associations of the county. In the afternoon an excellent program will be rendered, and several able speakers will be present, among them Mrs. Longnecker of San Diego, who will speak on "Vocational Training." A basket luncheon will be served at noon.

All members of the various associations in the county are earnestly requested to attend this meeting, also all others interested in the education and welfare of children will be most cordially welcomed.

NOTICE TO THE PUBLIC

I wish to notify my patrons that I have sold my transfer line, known as the Pioneer Truck Co., to the Santa Ana Transfer Co. I take this opportunity of thanking my customers for their patronage. All bills due are payable to the undersigned.

R. L. REED, Manager, Pioneer Truck Co. 308 E. Fourth St.

SEVEN-CENT RATE TO GO IN EFFECT MARCH 1

The recent decision of the Southern California Edison Co. to reduce its electric light rates to seven cents per kilowatt-hour applies to all Orange county. The rate in Santa Ana at present is eight cents. Manager W. L. Deimling states that the reduction in this county will be made on March 1. In the four years that Deimling has been here the company has voluntarily made reductions that have lowered the rates from twelve and a half cents to seven cents.

TWO YOUTHS ROB P. E. CAR NEAR EL MONTE

Board Covina Car at Lonely Spot and Hold Up Conductor of Twenty Dollars

LOS ANGELES, Jan. 8.—Two youths boarded a Covina car at a lonely spot a short distance this side of El Monte early last night, presumably as passengers, and held up and robbed Conductor Barker of \$20 as the car sped on its way to Los Angeles.

The car, No. 735, was traveling at a high rate of speed and when about seven miles from the city the bandits flagged it at an intersection in a secluded part of the country. They stepped aboard the rear platform and after conversing with Barker a moment entered and sat down. No passengers were aboard. Barker presently went in and asked them for their fare. One of the youths reached into his pocket, but instead of producing his fare drew forth a big revolver and thrust it in the face of the conductor. Barker pulled out \$20 of the company's money and handed it to the bandits. Then they fled.

COMB SAGE TEA IN LIFELESS GRAY HAIR

If Mixed With Sulphur it Darkens so Naturally Nobody Can Tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage and Sulphur, whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—Advertisement.

KEEPING RESOLUTIONS

A great deal used to be said at this time of year about keeping your good resolutions. It was assumed that of course you had shut yourself up on New Year's day and made a list of them.

This "turning over of the new leaf" seemed to come from the opposite extremes of society. There were the people of refined and fervent conscience who took a moral and spiritual inventory at regular intervals. They gritted their teeth Jan. 1 and resolved to give Satan a better run for his money than he ever had before. Then at the other extreme there were people of feeble wills whom the thought of the freshly turned page of life seemed to impel to a new start.

They felt the dead weight of past mistakes, which seemed to hold them down from any effort to climb. The presence of a new division of time seemed to make these past errors fall back into a remote past. The New Year gave them a chance for amendment, unhampered by this sense of failure. It was no doubt a real and helpful experience with some men, although more or less artificial.

The trouble encountered was that the calendar has but little relation to the human spirit. Many unhappy people think that if they were only somewhere else they could escape depression. So they travel to Europe or voyage around the world. They find that the same old black humors dog them still. And similarly the world, the flesh, and the devil are just as active in January as at any other time.

Resolutions for better living are valuable and praiseworthy whether made Jan. 1 or Aug. 31. Every day ought to be a New Year. As the shams of life are penetrated by riper experience everyone ought to be a little wiser today than he was yesterday. Obstacles that look impassable today should seem less immovable tomorrow.

WATER COMMISSION BILL

One of the most important questions to be voted on at the election next fall is the "Water Commission Bill." This bill was passed by the last legislature and received executive approval. The only reason it is not now the law of the state is that it has been suspended by the referendum.

There is ample evidence that the referendum was invoked by predatory corporations and professional politicians of the "stand-pat" variety, who used sincerely conservative voters as catspaws and got the other needed signatures at so much per name among "don't-know-and-don't-care" voters.

There was some opposition to the bill on the part of some water users who did not—and many of whom do not now—understand the provisions of the bill.

The general effect of the bill, if it should become a law by the vote of the people next fall, would be:

1. To prevent the monopolization of the water resources of the state for power, irrigation, etc., by private individuals and corporations.
2. To secure the highest and best use of the waters and prevent their waste.
3. To minimize litigation and thus save hundreds of thousands of dollars to the water users and tax payers of the state.
4. To provide in large measure for the prevention of damage by flood waters.
5. To force the waters of the state now held in "cold storage" by speculative appropriators to be utilized within a reasonable time or restored to the control of the state and made subject to appropriation for beneficial use.
6. To make "beneficial use" the "essence of the contract" between the state (the people) and the appropriator.

PANAMA PACIFIC EXPOSITION NOTES

Captain John Hance, known to every visitor to the Grand Canyon of Arizona, will be seated on the rim of the concession of that name at the Panama-Pacific International Exposition every day during 1915. Captain Hance was the first white settler in the region of the canyon and has lived there continuously for thirty years. He has acted as guide to Grand Duke Alexis, Colonel Roosevelt and scores of celebrities.

The thousands of great trees which are being brought from every country in the world to be transplanted at the Panama-Pacific International Exposition are scientifically treated by experts to prevent their dying. The siderees are first cut and side-

boards placed down the cuts. Six months later, when the tree has become accustomed to receiving nourishment only from its bottom roots, these are cut and a bottom board attached to the side ones, making a great box. The tree is then hoisted by derrick and shipped by land or sea to San Francisco, where it is re-planted in special soil brought from the Sacramento river, seventy miles away.

A standard gauge railroad, with all modern appointments, which has been built by the Panama-Pacific International Exposition through its grounds, will provide exhibitors with the quickest and most effective traffic service ever given at an exposition. The cars carry their loads direct to the doors of the various exhibit palaces and in some instances into the buildings. Twelve miles of track is laid, reaching to all quarters of the exposition grounds.

By a special system of rotation originated by John McLaren, superintendent of San Francisco's parks, every flower of the million plants of the tropical garden at the Panama-Pacific International Exposition will be in full bloom during the ten months the exposition will be open to the public. A duplicate of every plant will be kept in the nurseries, green houses and lath-houses, and as one in the open ceases to bloom a forced plant will be substituted for it.

Help Wanted In Santa Ana

And Furnished by the Help of Santa Ana People

Those who suffer with kidney backache, urinary ills or any little kidney or bladder disorder, want kidney help. Who can better advise than some Santa Ana resident, who has also suffered, but has had relief? Santa Ana people recommend Doan's Kidney Pills. Here's one case and there are many others.

W. N. Nelson, 824 E. Fourth St., Santa Ana, Cal., says: "Off and on my back was so painful that I could hardly turn in bed. I had to change my position every little while. I also had rheumatic pains. I used several boxes of Doan's Kidney Pills and was rid of the pains and aches. I have had no further trouble since. Several years ago I publicly recommended Doan's Kidney Pills. The endorsement I gave them at that time still holds good. I haven't needed any kidney medicine for quite a while. You may continue using my former recommendation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

ANAHEIM-SANTA ANA AUTO STAGE SCHEDULE

—The 7 o'clock auto stage trip leaving Santa Ana, and the 7:30 trip leaving Anaheim will be discontinued until after the state highway has been completed.

The schedule, leaving Santa Ana, Fourth and Main, 8, 10, 12 a. m., 2 and 4 p. m.

Leaving Cherry Blossom, Anaheim, 9, 11 a. m., 1, 3, 5 p. m.

WOMEN AND WET FEET

—Cold and wet feet are a dangerous combination, especially to women, who are more prone to kidney disease than men. Congested kidneys come from a cold, and backache, rheumatism, urinary irregularities and rheumatic forms are not unusual results. Foley Kidney Pills restore the regular and normal action of the kidneys and bladder, and so remove the cause of the trouble. It is an honest and curative medicine that always gives results.—Wingwood's Drug Store.

Worms the Cause of Your Child's Pains
A foul, disagreeable breath, dark circles around the eyes, at times feverish, with great thirst, cheeks flushed and then pale, abdomen swollen with sharp cramping pains are all indications of worms. Don't let your child suffer—Kickapoo Worm Killer will give sure relief. It kills the worms—while its laxative effect adds greatly to the health of your child by removing the dangerous and disagreeable effects of worms and parasites from the system. Kickapoo Worm Killer as a health producer should be in every household. Perfectly safe. Buy a box today. Price 25c. All druggists or by mail Kickapoo Indian Med. Co., Philadelphia or St. Louis.—Advertisement.

THE CITRUS FRUIT INDUSTRY

Department of Service to Citrus Fruit Growers, Conducted Especially for the Register.

Copyrighted by Reginald Brinsmead.

WALNUTS IN CITRUS DISTRICT

In the larger walnut growing counties of California it is noteworthy that walnut and citrus trees are frequently to be found side by side. In some of the larger orange growing districts orange trees are being taken out to be replaced by walnuts, where conditions have proved unprofitable for the raising of the citrus crop. It will thus be seen that in California walnut and citrus fruit growing are to a great extent interwoven, and that the same small acreage may have commercial plantings of both fruits. And this condition is not confined to this state or country, for in Sicily are to be found lemon orchards which have been interest with walnut trees.

California's walnut acreage amounts to nearly 36,000 acres, which is distributed as follows:

County	Bearing	Non-Bearing
Los Angeles	12,420a	3,244
Orange	6,736a	3,709a
Ventura	6,418a	597a
Santa Barbara	1,432a	904a
Total	27,066a	8,454a

Small plantings are to be found through many other counties of the state, but their total is unimportant, commercial shipments of walnuts being confined to the above four coast counties.

It has been frequently asserted that the walnut will not flourish as a profitable commercial enterprise away from the coast counties. In his "California Fruits and How to Grow Them," Prof. E. J. Wickson says:

"A number of French varieties which have been widely enough distributed to test their growth have been found to thrive in many situations where the old Los Angeles variety is a failure, and there is at present quite a disposition to larger plantings of walnuts in all California valleys. In all untried places or in all places where the old Los Angeles walnut has failed trial should be made of the French varieties. Recently considerable planting has been done in the coast and interior valleys and foothills of Central California upon the quite fully demonstrated success of these varieties."

WHY PROGRESSIVE

From the Fresno Republican.

If it were not for the artificial rigidity of party lines, there would be no confusion at all in the present political situation in California. A large majority of the people approve of the policies and achievements of the present Progressive administration and desire them continued. A minority oppose them and desire their discontinuance. Everybody knows that this is the issue and everybody knows on which side of it he stands. But everybody is not so clear on the question of calling the party which does the progressive things the Progressive party, and of uniting, under that name, the people who believe in those things. Therefore a campaign of education is necessary. On the progressive issues, that campaign is already a success. On the negative side, it is only just beginning. Logically, the one should involve the other, but practically we have to deal with tradition and prejudice as well as logic. Hence this argument.

Practically, the most immediate reason why progressives should register as Progressive is that practicality this is the only way the thing is going to be done. If there is a thing to do which requires mass-action and organization, and an organization is doing that thing, the way to help do it is to act with that organization, even if you have a personal notion that another form of organization would have been better.

In principle, the oldest reason why progressives should register as Progressive is that this is the right thing to do. The Civil War parties have outgrown the issues which determined their alignment, and on present-day issues they are divided, not one from the other, but each within itself. The Progressive party is the first promising effort to align present-day parties on present-day issues. It is the right thing to do, and this is the right way to do it.

The only objection comes from those who say: "We can make the Republican party progressive—why start a new one?"

In the first place, you can't. In the second place, why should you? And, in the third place, even if you could, the way to do it would be to sustain the Republican party until the present Republican national organization learned that there can be no terms of peace except unconditional surrender.

What was called the Republican party in California did "make itself Progressive." Whereupon those Republicans in California who were affiliated with the national Republican

party promptly got out or the California Republican party; the national Republican party officially repudiated the California party, and ejected its representatives from the councils of the party. The California Republican party became, in everything but name, a part of the National Progressive party, and it was denounced as a "thief" for even retaining the name, though at the time it had no legal way of getting rid of it. So when one state did succeed in "making the Republican party progressive," the result was that it ceased to be Republican, and was officially (and properly) ejected from the party.

Moreover, if we can have a Progressive party that is Progressive, why should we even if we could, continue the always illogical and now almost impractical expedient of seeking to accomplish the same purpose by the misfit use of a misfit party, organized for quite a different purpose, and now controlled nationally by men who do not wish our purpose accomplished? The expedient was always inconsistent, and its only excuse was that it utilized the tools at hand. Now that those tools are no longer at hand, and other and better ones are, why should we discard the new merely because the old, when they were the only ones, were found not quite impossible? One might, we suppose, make a shift of plowing with a harrow, and it might be wise to do so if plowing time were arrived and no tool but a harrow could be had. But next year, if a plow were available, should we insist on going back to the harrow merely because, with much trouble, we had once demonstrated that it could be done?

And, finally, even considering the standpoint of those who think that the ultimate solution will be to "make the Republican party progressive" nationally—would surrender now be the best way to forward that end. The grudging reforms that have already been extorted from the national Republican party were obtained by our getting out of the party, not by staying in it. These reforms do not yet go far enough to justify even considering an agreement on them. They do not yet go to the point where we could "make the Republican party progressive," even by all going into it, and converting the huge majority of its members to our views. The Republican party is not yet organized so that its members can control it, and its present managers are determined that it never shall be so organized. We

know, by having tried it once, that if we have the votes and they have the organization, they control. Even those progressives who expect some day to become members of the Republican party again should refuse to assume that membership until the party is so organized that membership in it counts. If the Republican refusal is stubborn enough, the party will destroy itself and there will be only the Progressive party and a Conservative or Democratic party left. So much the better if that happens. Then the parties will fit the issues. But even those who believe (or hope) that we are destined, instead, to return to the old misfit lines, should realize that the way to keep them from being too misfit is to refuse to wear them until they are fitted.

California has a duty to the nation in this matter. We are the one state where the Progressives are in control. The position of the Progressive party in the United States depends very largely on what we do with it in California. Whether that party is to become nationally dominant, as logically it should and practically we believe it will, or whether, as some think, it is to serve its cause by progressivizing the other parties, in either event it has just now a vital mission to perform. Our part is to do our duty to that mission, regardless of which school of prophets we belong to as to the final outcome.

Reduce the Suffering

All deep thinking people feel the necessity of a religion that will bind mankind together and reduce the suffering, both mental and physical, which we meet in our daily life. For centuries the Christian religions have all had numerous followers, each teaching its adherents the necessity of believing its doctrines in order to obtain a future peaceful life. Yet with all the teachings and all the punishment that will surely fall on those who disobey, let us glance at any four daily papers and observe the crime and misery in this Christian country, a country governed by Christian laws, where the people from childhood have been taught the golden rule; where millions of dollars each year are expended to advance these teachings. What have we for the vast money used? Why collect money from the poor, who are unable to contribute without crippling themselves, to convert heathen in foreign climes? Have we not suffering enough, and those in need, at home? We want some results, from a religion that will uplift mankind; something that will cause the rich to realize that the poor, too, have feelings, and that they are capable of suffering; something that will put a stop to the oppression of the masses, that will bring a spiritual light to dawn upon them, that will so touch them as to cure avariciousness. Let others live so that the fruits of this earth can be more equally divided, that the suffering in our large cities and towns may be made less. Let charity begin at home and continue there until the tears are dried and the sad faces can smile again.

Some years ago I became a member of a prominent church in England, and every Sunday we would spend about two hours at each service, informing God how to manage this universe. He was repeatedly told who to bless. I soon found that the rector had very little respect for a poor man, except when he would contribute liberally. Money was collected from poor working men who had families to support. It was either give to every appeal or you would soon be snubbed. Gradually my eyes were opened to this state of affairs and my confidence shattered, and now I have to have understanding in all matters. I cannot accept theories based upon impossibilities.

Doings In Social and Club Circles

PARENT-TEACHER

Unusually Profitable Meeting Held at the Polytechnic High School

The Polytechnic High School Parent-Teacher's Association held a well attended and very interesting meeting last evening at the Polytechnic High School building. A large number of fathers were present and took part in the program. The president, Mrs. Winbiger, presided. The Boys' Glee Club of the high school, after giving one of their rousing high school songs before they appeared, sang "The Stars of the Summer Night," and generously responded to an encore and sang "Little Willie." The association appreciated the music of the glee club. The association decided to continue to hold the meetings at the regular time on Thursday at 3 o'clock, and occasionally to hold a fathers' meeting in the evening. The association was urged to be represented at the County Federation, which will be held at Anaheim on Saturday, January 10. Mrs. Winbiger and Mrs. Briggs were appointed delegates.

The president stated that it had been the thought and had been suggested that the association in some way decorate or beautify the music room. A committee composed of Mrs. W. B. Tedford, Mrs. Wallace and Mr. Ernest Phillips were appointed to bring in plans or suggestions at the next meeting.

The following program was given: Prof. A. M. Shaw, teacher of the manual training department, gave a very practical talk on that department; a symposium on the subject of "What We Parents Have a Right to Expect of the High School." Rev. Paul Wright spoke enthusiastically on athletics. He said it was one of the later additions to the school course, and he considered it one of the best places in which the boy could learn self control and self reliance. "The Text Book Work" was Judge West's subject. He said parents want the things taught boys and girls that will do them the best service in life, that which will make them speak and act quickly, so that when they are out of high school they can take up the life's work and bear their own burdens. Mrs. Norman spoke on the moral and religious side of the question. It used to be the custom to have a stated time and teach morals and manners. If we would all live up to the Ten Commandments we would need no other law. The parents are inclined to think the teachers are supposed to do all the training and if any immorality is going on the teachers are blamed. It should be the parents' first duty to teach their children morals and manners. Mrs. Tedford spoke on the social part of the pupil's life. "We are past the age of 'weenie' bakes till the early hours of morning, the hay rides, house parties to the beach, etc. We have now a splendid social condition existing in high school life," said Mrs. Tedford. She stated the hour was growing late and she would not use the question she had prepared on the subject. There was a general discussion on the subject.

The committee having the meeting in charge was composed of Mrs. Geo. Heil, Mrs. Crisman and Prof. Clayton. The committee appointed for next meeting included Mrs. Lee, Mrs. Hutchins and Mrs. Weber.

At the close of the program a very enjoyable social hour was held, during

which refreshments were served by Misses Henrietta Gowen, Yarnell and Helen Carden. Mrs. Gowen was chairman of the refreshment committee.

Missionary Meeting

The Women's Missionary Society of the United Presbyterian church met yesterday afternoon in the church parlors. Mrs. S. H. Finley, Mrs. Stewart and Mrs. Harper were hostesses. There was an attendance of about fifty. Mrs. G. L. Anderson led the devotional service. Mrs. D. L. Anderson, the vice-president, presided. Miss Sarah Finley read a paper on Christian Women's Responsibility for Winning the Women of the Non-Christian World. Miss Rosalin Kellogg read a paper on Political, Religious and Commercial Influences that Determined the Settlement of the Colonies.

Roll call was answered by the giving of a Promising Mission Station and why. A letter of greeting was read from one of the old members, Mrs. E. J. Gowdy. There were a number of visitors present who were introduced and made welcome by the members. The reports of several committees were received and accepted. At the close of the program a social hour was enjoyed during which refreshments of sandwiches, pickles and coffee were served.

AT T. J. ALEXANDER HOME

Ladies of Helping Hand Were Pleasantly Entertained by Genial Hostess

The lovely new home of Mrs. T. J. Alexander at 1116 French street was the meeting place of the Helping Hand of the First Baptist church. The meeting was opened by the president, Mrs. Holbrook, and Mrs. White had charge of the devotionals, reading one of the Psalms, giving God praise for His goodness in the year past and asking help for the year to come.

After the roll call and a business period, the fifty-five ladies present engaged in conversation while fingers busy with fancy work kept time with the pleasant chat. The afternoon was not only a lovely one from a weather viewpoint but was charming with the spirit of cordiality and enthusiasm, every one present greeting the first meeting of the season with renewed energy and determination to push the work of the society vigorously during the year just opened.

Before the ladies separated, the genial hostess and her daughter, Miss Josephine, served delicious coffee and doughnuts, a courtesy appreciated by the company. As each departed it was felt that the afternoon had been spent delightfully and profitably.

Had Chafing Dish Supper
Yesterday the Daughters of Veterans held a practice meeting at G. A. R. Hall preparatory to their installation of officers to be held tomorrow evening. After practice, the ladies were ushered into the dining room where Mesdames E. A. Bell and Geo. S. Smith, with their able assistants, had prepared a six course chafing dish supper consisting of cream soup a la mode, sandwiches, delicious oyster pates, pickles, coffee and sugar plums.

Woman's League Meeting
There will be a meeting of the American Women's League at the home of Mrs. Hawkinson, 412 West Second street at 2:30 Friday afternoon.

MRS. DEIMLING, HOSTESS

Entertains With Dinner—Had Demonstration of Music Method at Her Home

Mr. and Mrs. A. H. Farnum of Long Beach, who have recently been house guests at the F. G. Taylor home at Tustin, were among the guests at a pretty dinner given last evening by Mrs. W. L. Deimling at the Deimling home on North Broadway. Mr. and Mrs. Taylor were also entertained with their house guests at the informal affair. Others at the table besides these and the Deimlings themselves, were Miss Ruth Shackleton of Los Angeles, F. M. Shepherd of La Jolla and Frank Pierce of Santa Ana. Miss Shackleton and Mr. Shepherd were house guests of the Deimlings.

The evening following the dinner was spent pleasantly with card games and conversation.

This forenoon, before the departure of Miss Shackleton for Los Angeles, Mrs. Deimling was hostess to twenty-five Santa Ana ladies invited to a demonstration given by Miss Shackleton of the Fletcher Kindergarten music method. Another demonstration is planned for the near future.

Economics Meeting

An interesting meeting was held yesterday afternoon by the Second Section of Ebell Household Economics at the home of Mrs. E. B. Burns on French street, with Mesdames Burns, Ben E. Turner and Charles Kelley as hostesses. Roll call was responded to with hints on the care of the body. The same topic was the subject of discussion during the afternoon, different ladies speaking on various phases of the question, including the care of the hair, teeth, hands, feet and eyes, as well as the diet and bath.

A social hour followed during which delicious refreshments were served by the hostesses.

Elected Officers

The Ladies' Aid of the Lutheran church held the regular monthly meeting Tuesday afternoon at Mrs. Borchard's residence on Parton street, and at this meeting the ladies held their annual election of officers. Mrs. Lauterbach was elected president, Mrs. C. W. Roney, vice president, Mrs. Lankow, secretary, and Mrs. Smith, treasurer.

After the business was finished delicious refreshments were served by the hostess. Over thirty ladies were present. The next meeting will be held at the home of the treasurer, Mrs. Smith, on Santa Clara avenue.

His Seventy-fifth Birthday

On Monday last H. H. Hilyard of 413 South Grand avenue, Orange, reached his seventy-fifth birthday, and to his delighted surprise he was the recipient of a post card shower. He received ninety post cards, most of them being from friends in the East. One of the card missives was from a friend in the state of Washington from whom he had not heard for forty years.

Presbyterian Ladies' Aid

There will be a postponed meeting of the Ladies' Aid Society of the First Presbyterian church Friday afternoon at 2:30 in the church parlor. All are invited.

Personals

F. M. Feighner, of 1016 West Fourth street is entertaining George Gallatin of Nashville, Mich. He seems much pleased with California. This is his first trip to the coast.

Mrs. A. Schroff and little son Henry left yesterday on a Santa Fe train for San Diego where they will spend a few weeks with relatives.

R. R. Raymond was a business visitor to Los Angeles this morning.

Mr. and Mrs. Miles of the Hogbin Grocery on West Seventeenth street, spent today in Los Angeles.

Miss Anna McFadden was a morning traveler on a Los Angeles bound car today.

Mrs. W. E. Ward and Miss Edith Ward, and Mrs. F. S. Donelson and her daughter Mrs. H. C. Gibson, who is visiting her from Saskatoon, Canada, went to Los Angeles today to attend the Mission Play now in its second week for this season at the Auditorium.

Messrs. J. H. Bowen of 1609 Bush street, and Messrs. Roland and Hugh Roberts of Jefferson, Iowa, who are spending the winter in Southern California, made an all day trip to Newport Beach yesterday. The day was delightful at the seaside.

C. R. Munson has gone on a tour of California in the interests of the Iowa Furnace Company, a local manufacturing company in which he is interested.

Mr. and Mrs. W. L. Miller of 612 French street, has had a house guest for a few days Mrs. Annie Fullmer of Williamsport, Pa. Mrs. Fullmer is the widow of Mr. Miller's cousin. She is spending the winter at Long Beach, where she returned today.

Better buy a Buick than to wish you had.

At Clune's Theater, Jan. 8, 9, 10 and 11, will be Billy Edwards & Co., presenting "The Political Boss," a true and interesting story of politics. This playlet has won success throughout the United States and Canada. It shows New York state politics in real life.

Mrs. Harry T. Devere, the well known Broadway actor, and who was in Mr. Richard Mansfield's support up to the time of Mr. Mansfield's death, will be seen in a very interesting character of "The Political Boss."

Miss Josie Melville, well known for her many successes, will be seen as Grace Harrigan, the Boss's daughter. Billy F. Edwards will be seen as Governor Worth.

MASONIC NOTICE

—Called meeting of Santa Ana Lodge No. 211, F. and A. M., Friday evening at 7:30 o'clock, for work in the second degree.

AMUSEMENTS

"The Common Law"

In the course of theatrical events every once in a while playgoers are invited to give special attention to some dramatization of a popular novel, one in particular which owes its great reading success to certain elements wherein sensationalism finds a desirable amount of exploitation. Such a novel is Robert W. Chambers' "The Common Law," which Manager A. H. Woods has been fortunate enough to secure for stage purposes. At any rate, the presentation of "The Common Law" towards last season proved most conclusively that Mr. Woods was not mistaken in his estimate of the dramatic qualities contained in "The Common Law" towards insuring a really absorbing play, one of strength and verity, sincere in its tone, and measured as a philosophical treatise, is satisfying in all respects.

"The Common Law" while telling a story of love, deals with the marriage question and allows the audience to draw its own inferences rather than affording any degree of decision of its own arguments. In short, while the sanctity of the marriage tie is upheld, the author allows many debatable questions and in placing his story to this advantage invites discussion, without shocking or offending the keenest sensibilities of the most exacting.

An opportunity will be given to judge "The Common Law" at the Grand Opera House this evening (Thursday) and the occasion will doubtless prove an exceedingly interesting one to the thousands upon thousands who have read Mr. Chambers' novel and have admired his very lucid manner of reasoning.

In order that nothing should be wanting to reference to making the production one of wholly picturesque interest and one in touch with the general atmosphere of the story, Manager Woods has provided everything in the way of scenic detail and furniture towards this end.

The players selected to interpret the meaning of Mr. Chambers' story have been called from among the best dramatic talent available, thus insuring the presentation as a whole one of extraordinary merit.

At Clune's

At Clune's Theater, Jan. 8, 9, 10 and 11, will be Billy Edwards & Co., presenting "The Political Boss," a true and interesting story of politics. This playlet has won success throughout the United States and Canada. It shows New York state politics in real life.

Mrs. Harry T. Devere, the well known Broadway actor, and who was in Mr. Richard Mansfield's support up to the time of Mr. Mansfield's death, will be seen in a very interesting character of "The Political Boss."

Miss Josie Melville, well known for her many successes, will be seen as Grace Harrigan, the Boss's daughter. Billy F. Edwards will be seen as Governor Worth.

NOTICE TO THE PUBLIC

We, the undersigned, do hereby notify the public that we have on this 6th day of January, 1914, severed any and all connection as partners in the real estate business, and that the contract or agreement under which we have conducted said business previous to the above date is forever declared null and void, and that Wm. A. Stafford, senior member of the said firm, will continue to conduct a real estate business in his name only, at the old stand, 306 North Main street, and will also act as agent for the Oliver Type-writers for Santa Ana.

(Signed) WM. A. STAFFORD,
AUG. SALK.

CHASE AUTOMATIC HIGHWAY CROSSING SIGNAL RELIABLE

The people of Santa Ana and vicinity have shown their keen appreciation of the merits of the Chase Automatic Highway Crossing Signal now being demonstrated at 104 W. Fourth street, Santa Ana, and of the most extraordinarily good, safe and largely remunerative investment offered them by the Chase Signal Company by liberally buying its capital stock. At the rate this small allotment of stock is now being sold it will necessitate prompt action on your part to avail yourselves of this unparalleled opportunity of obtaining an interest in one of California's latest and greatest inventions of the Twentieth Century which is in universal demand and is in actual operation on two transcontinental lines entering Los Angeles.

Don't delay calling at our free demonstration rooms at 104 West Fourth street, first door west of Farmers and Merchants' National Bank, Santa Ana.

Intermediate High School Notes (By Carl F. Burns.)

Mr. Robert J. Hamilton of the Triangle League of Orange County, sent the Triangle League buttons over to the I.H.S. yesterday afternoon, to be given out to the pupils who belong to the league.

A few of the pupils of Section 6 thought of some jokes for their class. They ran as follows: Miss Jones, the science teacher of the I.H.S., asked Dwight Ferris to draw a deep breath and he said that he didn't take drawing.

Mr. Denton, the class teacher of Section 6, asked Edna Mara to leave the room, and she said, "You didn't suppose I wanted to take it with me, did you?"

Most of the pupils of the I.H.S. are playing either tennis, baseball or basketball. If any of the pupils are not playing any of these, they should see Miss Bemis in room 21.

There has been considerable trouble with the bells at the I.H.S., but three electricians have been working on them, and now they ring just on the dot. Before they would ring during the class recitations and disturb the class, but it is now hoped such disturbances will not occur again.

PENSACOLA BANK, CAPITAL \$500,000, IS CLOSED TODAY

WASHINGTON, Jan. 8.—The First National Bank of Pensacola, Florida was closed today by order of the comptroller of the currency and Bank Examiner Goodhart was placed in charge. The bank was capitalized at \$500,000 and carried deposits of \$1,350,000. Dulness in the lumber business and withdrawal of deposits was given as the cause.

EXCEPTIONALLY GOOD BILL ON AT CLUNE'S

The bill at Clune's this week—at least that given Wednesday evening—is exceptionally good. There isn't the shadow of the risk about it, and the vaudeville stunts are both funny and clever.

Cunningham and Rose in "The Latest Blackface Styles" are real artists, and their stunts are new and exceptionally funny.

Another commendable feature of the performance is a comedy marionette production, which is a marvel of skill and very amusing.

The motion pictures are all good. The Gunmaker of Moscow, The Hazard of Youth, Butterfly Preservation, Akali Ike's Auto provided interest, instruction and fun—something for everybody.

CHILDREN WHO ARE SICKLY

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children, for use throughout the season. They break up Colds, Relieve Feverishness, Constipation, Teething Disorders, Headache and Stomach Troubles. Used by Mothers for 24 years. THESE POWDERS NEVER FAIL. Sold by all drug stores. Don't accept any substitute. Sample mailed FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

FOR RENT—One of nicest suite of furnished rooms in city; 200 South Birch St. Phone 311W.

"CASCARETS" CLEANSE LIVER AND BOWELS

Feel Bully! No Headache, Sour Stomach, Bad Breath, Constipation

Get a 10-cent box now. Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important. Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascarets tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.—Advertisement.

Wonderful Cough Remedy
Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. Dr. P. Lawson of Edison, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. And \$1.00 all druggists or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

A Potpourri of News and Views

From the Los Angeles Financial News

Asks for More Power

In its annual report submitted to Congress, the Interstate Commerce Commission makes a number of recommendations for new legislation, the most important of which follow:

That one period be fixed for the beginning of all actions relating to transportation charges and that period be within three years from the completion of the service as to which damages are claimed.

That a carrier which fails to demand payment of charges for any transportation service within a period of ninety days shall be deemed guilty of giving a rebate to the shipper.

That all suits brought to enforce or set aside orders of the commission be directly under the supervision of the commission, instead of, as now, under the direction of the Department of Justice; and that the commission be charged primarily with the duty of presenting such cases in court subject to the right of the Department of Justice or private individuals to intervene to protect public or private interests.

That the commission be authorized to make orders after investigation, respecting the construction and maintenance of the physical properties of railroads engaged in interstate commerce and rules and regulations pertaining to the use and operation of such properties.

That the commission be given control and supervision over railway capitalization.

That, further to minimize the danger of accidents, the commission be empowered "to require the use of block signal systems, and to require the adoption and use of steel or steel under-frame cars in passenger service."

That explicit authority be given the commission to examine all books and papers of common carriers subject to the law.

That the commission be relieved of all duties under the parcel post law, "or that such duties and the standards to be applied be more clearly stated."

Oil Better Fuel Than Coal

"If you were to go to the fireroom of a vessel and saw a fireman lighting his fires with a handful of waste and putting the fire out on the waste by immersing it in a bucket of oil, it would probably scare you to death, but, as a matter of fact, it is a common occurrence, because there is absolutely no danger." This is the declaration of L. O. Lovelock, chief engineer of the New York Shipbuilding Company, in an address delivered before the Association of Passenger Steamboat Lines in annual convention in Washington. His address was mostly technical, dealing with the comparative heat units in coal and oil and the best systems for burning the oil.

He declared "that the use of oil on ships saves time and expense, and is much cleaner in every way than coal. The amount saved through the use of oil differs in various localities and under different conditions." He expressed the opinion, however, that the price of crude oil had reached its highest point, and if there was to be any change in the price it would be lower. Oil could be loaded on ships at a great saving in time, he declared, and, further, the services of a fewer number of firemen would be required. With an oil-burning ship, he said, one fireman could look after twelve fires very easily. There is absolutely no danger from the use of oil, and as for odor, there need not be any, he continued.

Deciduous Fruit Figures

Deciduous fruit growers of California received \$1,784,650 more for their crop in the present year than in 1912. The total this year aggregated \$18,509,000. This enormous total was paid in Eastern marts for the California products, at an average price of \$1400 for 13,331 carloads. In 1912 the average price was \$1250. A recapitulation of the shipments by carloads follows:

Variety	1912	1913
Apples	1,955,000	1,584,000
Cherries	244,000	230,000
Peaches	1,621,000	2,350,000
Plums	1,775,000	1,706,000
Pears	2,134,000	2,495,000
Grapes	6,357,000	6,362,000
Miscellaneous	15,000	18,000
Total	13,347,000	13,381,000

Cut in Natural Gas Rate

The State Railroad Commission has made a cut in the wholesale price of natural gas in Los Angeles of almost 25 per cent, the price being reduced from 18 to 14 cents per 1000 cubic feet, effective January 22. The reduction was effected by cutting away the 3 cents per 1000 cubic feet royalty paid the Southern Pacific's oil companies on all gas drawn from lands adjoining theirs and by lopping of 2.52 cents of the 4-cent charge per 1000 cubic feet on all gas sent from the fields paid the Northern Exploration Company for well drilling. These cuts made a total of 6.52 cents, but an increase of 3 per cent for depreciation allowed the Southern California Gas Company reduces the amount of the total cut to 4 cents per 1000 cubic feet.

Theatrical Firm Fails

The theatrical firm of Werba & Luescher, New York, through Tom McNaughton, has filed a petition in voluntary bankruptcy. He gives his liabilities as \$157,024.52, and no assets. Among the heaviest creditors are Alice Lloyd, \$10,000, on a note; Clara Lipman Mann, \$10,000, on a contract; David Bishpham, \$8000, on a contract; Eddie Foy, \$8000, on a contract, and Joseph Le Blanc, cash, \$11,950.

Banker Crosses Divide

W. P. Stout, former vice president of the Union Trust and Savings Bank of Cincinnati, died at the Hotel Pepper, Los Angeles, after three weeks of illness, of heart trouble. He was 78 years old. He had been in Los Angeles for two months, and had been passing the winters in Los Angeles and Southern California for several years.

Missouri Victor in Rate Case

The State of Missouri won a final victory in the two-cent railroad passenger and maximum freight rate cases when Judge Smith McPherson of Red Oak, Iowa, acting on the mandate of the United States Supreme Court, dismissed "without prejudice," the cases filed by thirteen railroads enjoining the State from enforcing the rate laws. The suits will cost the railroads \$10,000,000.

Tobacco Monopoly of France

The net income to the State from the tobacco monopoly of the French Government last year was \$105,000,000, or the largest return since the foundation of the monopoly, 192 years ago. This vast profit was made out of a capital of about \$30,000,000, or about one-third the capitalization of the dissolved American Tobacco Company.

Union Oil Control to Pass

That the control of the Union Oil Company of California will pass to an English corporation, the General Petroleum Company, Ltd., of London, England, is verified by Captain John Barneson, general manager of the General Petroleum Company, whose organization held an option for the purchase of Union Oil. During the past week Andrew Weir and J. Tilden Smith of the English syndicate have been in Los Angeles and, with Captain Barneson, have held several conferences with the Union Oil officials to conclude the deal. The English company takes over General Petroleum, stockholders in the latter company receiving \$1000 in 7 per cent cumulative stock for each \$1000 bond and \$15 of ordinary stock of General Petroleum, Ltd., of London. Stocks and bonds sufficient to close the deal, according to Captain Barneson, have been deposited with the Mercantile Trust Company of San Francisco. This means that 51 per cent of the stock and \$6,000,000 of the outstanding bonds of the General Petroleum Company are deposited with the Mercantile Trust Company of San Francisco or the United States Mortgage and Trust Company of New York. Negotiable certificates will be issued, it is said, by the trust companies for all stocks and bonds deposited.

Speaking of the deal, which is the largest oil deal ever made in the history of the oil industry in California, Captain Barneson said:

"The men at the head of the General Petroleum Company have taken it as conclusive that the deal will go through. As the General Petroleum Company owns an option on the Union Oil Company, naturally the English syndicate will come into possession of the option as soon as the transfer of stock and bonds is completed, but they will have until December 31, 1914, to exercise the option. Mr. Weir and Mr. Smith are here to examine the holdings of the General Petroleum Company, but they also will enter the oil fields of the Union Oil Company with Lyman Stewart, president of the latter, and I am firmly convinced the entire deal will go through without a hitch."

"If both companies are taken over, and development work contemplated is carried out, including the development of property owned in Mexico, it has been estimated at least \$75,000,000 will be required. This means a great deal for California, as the syndicate behind the deal is seeking the property as an investment, not to be promoted and sold again at a profit."

"Mr. Weir and Mr. Smith represent English interests controlling 60 per cent of the tonnage of Great Britain, and it is because they wish a guarantee of an unlimited supply of oil that they are entering the California fields. One of the principal lines of business in which this syndicate is engaged is the manufacture of the Diesel motor for marine purposes."

On another page of this issue appears a story regarding the Western Ocean Syndicate, Ltd., of London, the syndicate referred to as manufacturers of the Diesel motor.

Clark's Congratulations

Speaker Clark, after the signing of the currency bill by President Wilson, issued a statement as follows:

"Most assuredly the country is to be congratulated on the fact that at last the currency bill is on the statute books; for in such matters of great importance it is the uncertainty that hurts—even where a bill might be the sum total of human wisdom on any particular subject. Now, all men of intelligence will know very soon what the currency bill contains and what it means, and can conduct their affairs accordingly."

"My own judgment is that it will be satisfactory to the country in a high degree—at least I hope so. The fact that a large number of Republicans and Progressives voted for our bill is proof positive that the country is well pleased with the bill."

"So many of them so voted that it may not improperly be denominated 'a nonpartisan currency law.' We certainly have ample cause for self-congratulation that in nine months we have passed a bill revising all the tariff schedules and a bill thoroughly revising and overhauling our currency system."

"Our two bills are excellent examples of constructive legislation. The tariff law is working well, and now that the uncertainty as to the currency bill is removed, I hope and believe that the country is entering on a long period of prosperity."

Conservation in Alaska

In his annual report made public this week, Secretary of the Interior Lane, in outlining the policy of conserving the great natural resources of the United States and their development, says:

"In Alaska there is the largest body of unused and neglected land in the United States, 50,000,000 acres is the estimate, that will make homes for as many people as sturdy as those of New England. In my judgment the way to deal with the problem of Alaskan resources is to establish a board of directors to have the work in charge. Into the hands of this board I would give all the national assets of the country in that territory, to be used primarily for its improvement. Congress should determine in broad outline the policies which this board should administer, much as is done in the Philippines."

"Coal fields of the territory should be opened not to speculators, but to operators, under a leasing system like that on Minnesota ore lands, with a large body of coal land reserved in each field for the use of the navy in time of need."

Railroad Commission Acts

The State Railroad Commission has issued an order granting authority to the Tulare County Power Company to issue \$80,000 in stock and to use the proceeds for the purpose of enlarging its steam plant, constructing new lines into the Hartman orange district in Tulare County, and for distribution systems within the cities of Tulare, Lindsay and Exeter.

The Commission has granted authority to the Midland Counties Public Service Corporation to issue \$79,000 of bonds for the purpose of paying off indebtedness incurred in the construction of new lines.

Seaside Investment Company Election

At a meeting of the stockholders of the Seaside Investment Company, which owns the Hotel Virginia, at Long Beach, Col. Charles R. Drake was re-elected president. Other officers are John E. Daly, vice president; George C. Flint, secretary; Jean C. Drake, auditor; A. M. Goodhue, treasurer. Other directors are W. W. Beckett, George I. Cochran, H. V. Carter, Jonathan Bixby, Fred Bixby and George H. Bixby.

Tomatoes Are Profitable

From the region about Anaheim, Fullerton and Placentia, in Orange County, 150 carloads of tomatoes were shipped this year, the value of which was \$41,250. The price paid growers this year was \$27.50 per ton, against \$22 last year.

ONE DOSE RELIEVES A COLD—NO QUININE

"Pape's Cold Compound" Ends
Bad Colds or Grippe in
a Few Hours

Relief comes instantly.
A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body, or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Advertisement.

ANAHEIM OFFICER FACES A REVOLVER; CAPTURES THE MAN

Anaheim Gazette: While Phil Germann was nosing around in an alley just off Los Angeles street Saturday hunting for trouble, a Mexican stepped out of the darkness and shoved the muzzle of a gun in his face. Instead of throwing up his hands as requested, Phil grabbed the revolver, knocked the man down with it and then led him off to the city bastille. The fellow, it appears, didn't know he was attempting to hold up a member of the Anaheim police force.

Phil was searching for the man who stabbed Gonzales when he ran into the belligerent Mexican. After knocking him down he dragged him into the street and handcuffed his arms around a telephone pole. He was unconscious but Phil did not want to take chances on his recovering and making his escape while he was seeking some means of transporting him to the jail. He was there on his return but had recovered his equilibrium and was standing up embracing the pole. He gave his name as Rivera. His preliminary arraignment was held before Judge Howard Tuesday. Deputy District Attorney Koepsel being on hand to prosecute the case. His trial was set for today and he was placed under \$1000 bonds, which he failed to give. It is not positively known that he is the man who stabbed Gonzales, but it is believed so.

COLDS TO BE TAKEN SERIOUSLY

Intelligent people realize common colds should be treated promptly. If there is sneezing, with chills and hoarseness, tickling throat and coughing, the latter especially annoying at bed time, use Foley's Honey and Tar Compound. It is effective, pleasant to take, checks a cold, stops the cough which causes loss of sleep, and lowers the vital resistance to disease. Remember the name, Foley's Honey and Tar Compound and avoid substitutes. Wingood's Drug Store.

An Ideal Woman's Laxative
Who wants to take pills or castor oil, when there is nothing better than Dr. King's New Life Pills for all bowel troubles. They act gently and naturally on the stomach and liver, stimulate and regulate your bowels and tone up the entire system. Price, 25c. At all druggists, E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

LOS ANGELES PRODUCE MARKET

Eggs closed at 38½ cents per dozen on the Produce Exchange yesterday, twenty sales, most of which were in lots of 5 cases, having been made between members. The price of the first sale was 38, and the quotation fluctuated between that mark and 40 cents.

The 3½ cent advance, over the quotation set the day previous, say the wholesale egg men, has been occasioned by the sudden demand that was created by reason of the low price. Many of the retail dealers accumulated a large supply at the reduced figure. It is argued that the quotation will not reach a much higher point during the winter months. Storage eggs were offered at 36 and 37 cents on the Exchange, with no bids.

One sale of butter between creamerymen fixed the quotation on California creamery extras at one cent above that of the previous day. The advance was made despite an increase in the daily butter receipts and in face of the reports from all sections of Southern California that the supply is increasing with the warm weather and because of the abundance of green feed.

The local potato market is becoming firmer almost daily. The overstock which weakened the market several weeks ago has been worked off with but little loss to the wholesale dealers. Fancy Highlands were offered on the Exchange yesterday at \$1.40.

One of the large produce houses yesterday received a shipment of Manchurian lima beans, the first to be received in the local market, which were placed on sale at 4½ cents per pound. The firmness of the bean market in California was the cause for the importation. California limas are selling at 5 and 6 cents.

TAYLOR'S CASH STORE

MAIN STREET BETWEEN THIRD AND FOURTH.
THE LITTLE STORE OF BIG VALUES.

SHORTAGE WILL TOTAL ABOUT \$53,000

So Far Thirty-three Claims Filed With Special Deputy Mansur

ASSETS ARE FOUND TO BE ABOUT \$9000

February 26 Last Day Claims Against Orange County Mutual Can Be Filed

The shortage of N. A. Ulm, secretary of the Orange County Mutual Building and Loan Association at the time he committed suicide on November 19, will reach a total of \$53,000. F. W. Mansur, special deputy of the state building and loan commissioner, has had enough claims against the association to make it certain that \$53,000 is not far from the total shortage. Eighteen shareholders' claims for full paid stock already filed total \$31,050.

Fifteen claims, filed for installment stock, total \$2,375.37. It is estimated that there is \$11,900 shareholders' claims not filed.

The first National Bank is a creditor for \$17,000, that being the amount of the association's note held by that bank. The Worden Printing Company has a claim of \$12.50 for printing.

All of these claims make a total of \$64,337.87. As against this are assets of about \$9,000. The assets consist of notes held by the First National Bank as security for the \$17,000 note. Other notes held by the bank are known to be worthless.

The creditors have a claim against all the stockholders for the amount due it, and the stockholders have a claim against the directors for money embezzled.

Claims against the Orange County Home Mutual Building and Loan Association can be filed up to February 26. There are a few—a very few—certificates that were paid of which no record was made by Ulm. Mansur estimates that there are \$11,900 legitimate claims of shareholders not yet filed with him. These should be filed as soon as possible.

What steps will be taken have not been determined. Mansur cannot find anything in the law that directs him to call a stockholders' meeting. His report will go to the court. There has been some talk among stockholders of calling a meeting in order to discuss what procedure should be followed in the settlement of their claims as shareholders against the directors. Nothing has been done along that line as yet.

AT THE COURT HOUSE

VICTIM OF DROWNING LEFT AN ESTATE THAT IS VALUED AT \$9,500

Today Attorney Clyde Bishop filed a petition for letters of administration on the estate of Roy Leo McLaughlin, one of the two men drowned at Dan's Point on December 28. Mrs. Edith McLaughlin of Newport Beach, the widow, is the petitioner. The estate consists of an interest in the estate of McLaughlin's mother and other interests, totaling \$9,500. Mrs. McLaughlin is the only heir.

For a Lease
G. S. Smith as guardian of J. H. Brunner, an incompetent, has petitioned for permission to lease to C. Rodriguez a frontage of fifteen feet on Bush street between Third and Fourth streets for \$15 a month, Rodriguez to build a \$350 building on the lot.

Mechanic's Lien
The Montgomery & Mullin Lumber Company has filed a mechanic's lien against Fred Bradley and property at Bay City on a claim for \$222.62.

Again Contesting
Will A. Chamberlain of Pasadena is making another effort to get control of the estate of Carrie Van Brunt in this county. He asked for letters as the nominee of the executors, Emma Southard, who lives in Council Bluffs, Iowa, and Lulu Hancock of Denver. Public Administrator Winbigger with Clyde Bishop as attorney contested the right to letters, and Winbigger won and has entered into control of the estate, which in this county consists of ranch worth \$6000. Now comes Chamberlain with a new petition. This time the executors are the petitioners. They may be in this state now.

Articles Filed
Articles of incorporation have been filed by the First Bank of La Habra. The incorporators and the amount of the \$25,000 capital stock held by them follow: James H. Walker, \$23,000; Henry O. Price, \$1,000; J. F. Condon, \$1,000. The incorporators live in Los Angeles. The bank will be located at La Habra.

Under Adversement
Yesterday Judge Thomas took under adversement the case of Kelly vs. Turner, an action having to do with a note and an automobile.

Cases Continued
This afternoon at 2 o'clock Judge West continued until Jan. 15 at 2 o'clock the four false registration cases from Anaheim. He said he had not had time to look into several lawpoints raised in the case.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

ASKING MORE DEPUTIES TO FIGHT SCALE

Fruit Exchange Committee Wants Vigorous Campaign Against Pests

Yesterday afternoon a committee of the Orange County Fruit Exchange was before the Board of Supervisors asking that deputy horticultural commissioners be appointed in this county to aid in a vigorous campaign against scale pests. On the committee were J. A. McFadden, of Tustin, D. E. Huff of Orange, and Willard Smith of Villa Park.

They stated that a concerted effort with a larger force than the county now has to attend to horticultural matters is necessary. The fruit exchange is determined to get the orchards into the very best of condition, and the committee contended that immediate steps in that direction are necessary.

The committee asked for three things. First, that a chief deputy commissioner be appointed, he to be one of those who passed the tests given here in the examination of applicants for the position of horticultural commissioner. R. K. Bishop passed the examination, and was re-appointed commissioner. Second, that three other deputies be appointed, one of them to be an office deputy and the office of the commissioner be kept open every week day instead of only two half-days each week. Third, that the annual report of the horticultural commissioner be printed and distributed among the orange and lemon growers.

ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD---CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely, Nasty Discharge Stops. Head Colds and Dull Headache Vanish.

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone! End such misery now! Get the small bottle of "Ely's Cream Balm" at your drug store. This sweet, fragrant balm

The Board of Supervisors continued the matter until Jan. 13, at which time the committee and the horticultural commissioner will be present.

Bids Are Received
Six bids were received for 6000 barrels of road oil to be used in good roads work. The bids were: Evan Davis, W. P. Hewitt Co., P. L. Ferry, Rogers Bros. Co., \$2.40 a barrel each; J. E. Ward, \$3.25 a barrel; J. R. Ott Construction Co., \$2.45 a barrel. Bids were referred to the Highway Commission.

Other Matters
A petition was received to reduce the width of streets about a block at El Modena, bounded by Chapman, Earlham, Park and Washington streets. The streets are now eighty feet wide, and the petitioners want them sixty.

Notice of intention to buy a gravel pit of C. L. Slack for \$250 is to be published.

A contract was entered into to buy 2000 yards of sand to be used on the Olinda road, at twenty cents a yard. A map of the El Modena Citrus Land and Lemon Heights was accepted.

The board adjourned to Jan. 13.

GOOD SUGGESTION TO SANTA ANA PEOPLE

—It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Santa Ana agents for Adler-ika. The Rowley Drug Company.—Advertisement.

The 'Mischievous Quartette' and Its Work
—Each year the month of January numbers its list of victims from influenza, la grippe, bronchitis and pneumonia. La grippe coughs seriously weaken the system and when they hang on, are a sign of general debility. The use of Foley's Honey and Tar Compound will promptly check the cough, heal the inflamed air passages, preventing the development of la grippe to a more serious condition. Keep it on hand. Contains no opiates. Wingood's Drug Store.

NEW LIFE IN ASSOCIATION

M. and M. Enters New Era of Usefulness for Its Members

E. S. Gilbert is Elected President to Head the Organization

M. and M. OFFICERS
President, E. S. Gilbert, dry goods merchant.
Vice-president, E. B. Smith, jeweler.
Treasurer, R. M. Morrill, grocer and crockery dealer.
Directors, Gilbert, Smith, Morrill, A. N. Zerman, wood and coal dealer, P. G. Beissel, shoe merchant, Walter Vandermast, clothing merchant, E. A. White, commission produce dealer.

The Santa Ana Merchants and Manufacturers Association has started in on a new era of usefulness to its members. A new, more energetic and more efficient association was planned at the annual meeting of the association at the Armory last night.

During the last year of his life, N. A. Ulm paid less attention to the M. and M. work than at any other period during its history. The various benefits of the association were brought out in discussions last night, and the necessity of strengthening it to make it more effective was pointed out.

J. Reinhaus presided at the meeting in the place of E. E. Vincent, who is ill. John Beatty was applauded upon giving his report as secretary, which position he took Dec. 1 with the understanding that he would not serve beyond the time of the annual meeting. Beatty showed that he had collected \$170, and that there are bills against the association amounting to something more than that. Among the bills is rent from the middle of 1913.

E. B. Smith said that he believed the association should furnish every member with a mailing list for advertising purposes, should furnish a blacklist, and should discourage in every possible way various advertising schemes. He said that promotion schemes should be left to the Chamber of Commerce to deal with.

The question of a new secretary was brought up. The suggestion was made that J. C. Metzgar, secretary of the Chamber of Commerce, might also be made secretary of the M. and M.

Walter Vandermast suggested that it would be a good idea to have a system of cards that could be issued to buyers from other points in the county, whereby upon the purchase

of certain amounts carfare would be paid by the association. The matter will be taken up by the new board.

After the meeting, which was attended by over half of the members, the newly elected directors met and organized by electing E. S. Gilbert president. Nothing was done about electing a secretary. The matter will be taken up at the next meeting of the directors, next Tuesday night.

IN THE JUSTICE'S COURT FIRST STOLE A BIKE THEN A PAIR OF SHOES

Sidney Smith, who claims no place in this section as his home, is back in jail, this time for thirty days for stealing a pair of shoes at Knoller Bros. store. His first term in jail was for stealing a bicycle.

After the Vags
The city police are making many arrests of vagrants. They try to make the wanderers wander out of town, but a good many of them hang around and are thrown in. This morning Justice Cox disposed of five vag cases brought in by city police.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Your Hair Gets Soft, Fluffy and Luxuriant at Once

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—Advertisement.

For Frost Bites and Chapped Skin
For frost bitten ears, fingers and toes; chapped hands and lips, chilblains, cold sores, red and rough skins, there is nothing to equal Bucklen's Arnica Salve. Stops the pain at once and heals quickly. In every home there should be a box handy all the time. Best remedy for all skin diseases, itching eczema, better, piles, etc. 25c. All druggists or by mail. H. E. Bucklen & Co. Philadelphia or St. Louis.—Advertisement.
